ABOUT OUR SPEAKER

Alan Hedge, PhD, CPE,
FHFES, FIEHF, FIEA

Director of the Human Factors and Ergonomics program at Cornell University, Professor Alan Hedge is an extensively published, internationally recognized expert in ergonomics. Professor Hedge has appeared on numerous television shows, including the *Today Show*, *Weekend Today*, the *Early Show* and *NOVA*, and has been featured in *TIME*, *Business Week*, *The Wall Street Journal* and *The New York Times*.

Discover the link between caregiver comfort and patient care—and how to leverage that connection—in a session that examines the evolving roles of technology and ergonomics in the healthcare environment.
